

New Approaches for Targeted Radionuclide Therapy in Precision Oncology

Chair: Richard L Wahl, MD
Mallinckrodt Institute of Radiology,
Washington University School of Medicine, St. Louis, MO, U.S.

ITM Ancillary Event in parallel
to 2021 ASCO Annual Meeting
Friday June 04, 2021
9:30 - 11:00 (EDT)

Welcome & Introduction

Richard L Wahl, MD, Mallinckrodt Institute of Radiology, Washington University School of Medicine, St. Louis, MO, U.S.

The potential for state-of-the-art Targeted Radionuclide Therapy & Diagnostics and future applications

Richard L Wahl, MD, Mallinckrodt Institute of Radiology, Washington University School of Medicine, St. Louis, MO, U.S. (15 min)

The clinical management of NETs – a multi-disciplinary team approach

Jennifer A Chan, MD, Dana-Farber Cancer Institute and Harvard Medical School, Boston, MA, U.S. (15 min)

Leveraging the latest developments in somatostatin receptor-positive tumors to generate novel therapeutic opportunities

Thorvardur R Halfdanarson, MD, Mayo Clinic, Rochester, MN, U.S. (15 min)

ITM's precision oncology pipeline

Mona M Wahba, MD, MSM, ITM, Munich, Germany (15 min)

Discussion & Closing Remarks

PRECISELY FOR ME.

Dedicated to giving cancer patients
better answers than “maybe”.
